THE LEGISLATIVE RAILROAD EXCURSION - INCI-DENTS OF THE TRIP-CANADA ANNEXED-SERE-NADE BY THE CANALESS, ETC. SPECIAL CORRESPONDENCE OF THE NEW YORK BURALD.

ALBANY, June 6, 1853. The excursion of the State legislators and the mem bers of the press-guests of the Central Railroad Com-pany-from Albany to Niagara Falls, terminated this afternoon. During the stay at Niagara the entire company enjoyed themselves with the utmost pleasantry, good humor and fellowship, visiting the different places interest during the day, and at night meeting in a convivial circle at the International Hotel, where their physical and intellectual enjoyments were promoted to the highest degree by the politic attention and unceasing care of the railroad committee indefatigably and generously carried out by their agent Mr. N. Randall, to whom the details of the excursion

were most judiciously confided. In the forenoon of Sunday a party of the most humorous of the excursionists, including several of the legislative party, crossed over to the British side of the falls,

ous of the excursionists, including several of the legislative party, crossed over to the British side of the falls, attended by a band of music, and on the piszza of the Clifton House jocosely declared the Independence of the province, buisted a striped handkerchief as a substitute for the republican flag, appointed a provisional povernment, and annexed Upper Canada to the United States, the band jusylog Yankee Boodle, and the smused crowd of Canadana and Americans applauding this bloodless copy de main.

The party left Niagara at a quarter past seven o'clock this morning, and made the whole distance, 305 miles, in even hours and forty four minutes, allowing for the difference in time, reaching Albany at forty five minutes after two o'clock P.M. At Medina station, on the route from Rochester to Syracase, the party were treated to a morning serenade by some score or two of canal operatives, blowing tin horns and muking every sort of discordant noise, in derisen of the legislators, to which the relivead party responded by the loud music of their band, and the shrill whistle of the locomotive. It was an amusing and spicy incident in the trip.

The party diend tegether at the City Hotel of Albany, and parted with mutual expressions of delight and kindly feeling, and hearty wishes from all for the prosperity of the New York Central Railroad Company.

After the long ride and the dinner, of course but few of the members felt inclined to take their seats in the Legislature. The Speaker called the House to order at six o'clock P.M., pursuant to adjournment of Friday. The journal of the last day was read, when Mr. D. B. Taylor role and remarked that there was evidently not a quorum pre-ent, and the reason was obvious—the members having travelled over it hundred miles since the adjournment, they were necessarily fatigued. He moved that the House adjourn until to morrow which was carried. There were only some thirty members present.
